

# COURSE PLACEMENT

---

Our colleges now use multiple placement options to determine college course placement for students. Students planning to take English, Reading, and/or Math will be advised to register for the appropriate course(s) within the first two years of enrollment based on District-approved placement methods. You can find more information regarding placement at: <https://www.maricopa.edu/future-students/assessment-placement> (<https://www.maricopa.edu/future-students/assessment-placement/>)
